OVEN MAGIC

Ammoniated Oven Cleaner

SOLAR OVEN MAGIC is an ammoniated, medium-bodied, alkaline oven and grill cleaner formulated to breakdown the toughest baked on carbon and grease deposits. **SOLAR OVEN MAGIC** is ideal for soak, wipe, brush or spray applications on grills, ovens, hoods and fryers. The product is formulated to "cling" to vertical surfaces to allow maximum contact time.

FEATURES & BENEFITS

- Concentrated viscous formula - "hangs on" vertical surfaces to insure maximum breakdown of carbon and grease deposits.
- High pH formula attacks "baked-on" carbon and grease deposits -reduces deposits to soft paste that can be easily wiped clean.
- Labor saving - Concentrated formula eliminates "elbow work".

DIRECTIONS for USE: Do not dilute product. Soak, wipe, brush or spray on to surface to be cleaned. Leave on surface for a few minutes, then scrub and wipe off with a clean, wet cloth. Rinse with potable water. Warm surfaces will enhance product performance. To clean griddles, remove excess grease with a scraper then apply solution to warm surface. Soak, scour and scrape to drain. Wipe and rinse with potable water.

SAFETY: Keep out of the reach of Children. Avoid skin/eye contact. Wear gloves and goggles. Can cause burn/irritation to skin. For skin/eye contact, flush with clean water for 15 minutes. Contact physician **IMMEDIATELY** in the event of eye contact. Product may be harmful if swallowed. Contact physician immediately.

PHYSICAL PROPERTIES

ODOR	Slight Ammonia
SPECIFIC GRAVITY	1.085
APPEARANCE	Viscous, Clear Liquid
COLOR	Brown
pH	13.0 - 13.5
PACKAGING	12x32 oz bottles/case 4x1 gallon bottles/ case

WARNING: Contains aqua ammonia and alkaline materials. For Professional Use Only. Please refer to actual label for use directions. See overleaf for Material Safety Data Sheet.
